# Fall Opening Days---Today, Friday and Saturday

This is the premier fashion occasion of the fall and during these days of the formal introduction of the styles, the store is nothing less than the mirror of the best thought, the newest and truly authentic creations of the leaders among New York designers.

So the difference between the "close as possible" styles of some houses and the authentic original models that govern the new fashions here is the difference to you of being perfectly sure and satisfied and being uncertain and possibly dissatisfied.

## Autumn and Winter Millinery Modes

You will be delighted with the beauty of the new hats for the season has started with an individuality that is without precedent in the arrivals of fashion.

Charming hats including saucer brim sailors, back roll brim hats, the shirred brim hats, soft top crown hats and many others are shown in a variety that has been planned with every type of woman in mind.

Very smart hats at \$5.00 to \$10.00 each.

# Fashionable Fur Trimmed Coats \$39.75 to \$95

A line of wonderful coats developed in bolivia, pom pom, imported velour and broadcloth.

Colors include beetroot, Russian green, taupe, brown and Pekin blue.

Beautiful fur collars and cuffs, striking fancy satin lin-

# Utility Coats \$17.50, \$22.50, \$25 and up to \$37.50

e tried out here. This is the ground shutter and daylight signaling. The lectures, which will be given to the whole membership of the signal corps at the same time, will be held in the large lecture room in the Science hall. A social committee is to be elected rom among the members of the signal corps to arrange for the social side of the signal division. This committee will co-operate with the Key and Serpent society of the university, when college opens, in order to arrange for hops and other social gathrings in connection with the university affairs. The room which the Commons club had fitted out for a club oom in Converse hall will be used for that purpose by the signal men.

#### BURNED TO THE GROUND. One Stream of Water Would Have

Saved Hollenbeck Home.

Mr. and Mrs. George Hollenbeck's home at the corner of Plattsburgh and North

immediately got into touch with the police sending more supplies within a day or station by 'phone, and the police notified two, so that they will partly take the

day.

The fire laddies, when they perceived that their efforts were in vain, busied themselves in saving everything movable from the burning building. How well they did this can best be demonstrated by the fact that they removed the electric wires from the walls and cellings of the place.

Charge of the work. The object in this project is to get as many sweaters into the Red Cross by that date as possible. All these sweaters will be sent to the division headquarters in Boston and furnished to the troops which are stationed in that vicinity during the winter. eleven o'clock.

The above program will be carried out six days in the week. On Sundays, the men will be free from 7:15 in the morning until 11 at night for the morning until 11 at night for the walls and ceilings of the place.

Announcement also has been made that the American Relief Clearing House in France will now carry on its work the place.

Announcement also has been made that the American Relief Clearing House in France will now carry on its work in co-operation with the Relief from the walls and ceilings of the place, ceived slight burns about the body.

The house was situated on the site of be hand an old race track, where there were time on many contests of speed in days long gone by. Many fast steppers were also trained VERMONT'S SUBSCRIPTION TO LIB-

# HURRY CALL ANSWERED.

Pajamas and Comfort Bags Shipped to

A hurry call was received at the State headquarters of the Vermont Chapter of the American Red Cross in this city yesterday, stating that the Vermon boys in the army camp at Westfield, Mass., were not adequately supplied with pajamas and comfort bags. The call was answered in short order. No sooner had the message been telegraphed in here yesterday morning than another message was sent to the supply station at Proctor and H. L. Smith, who is connected with the supply station there, came to Burlingto nmediately to assist in the work of getting the necessary supplies together and preparing them for shipment. All of the supplies of this kind or

hand in the State headquarters, in-cluding 433 pairs of pajamas, 581 housewives, comfort bags, were collected, sorted, wrapped for shipment, bexed avenues was burned to the ground early yesterday morning, nothing but the cellar day afternoon. This work was done walls being left standing.

It was 2:30 a. m. when the fire wagons

H. R. Watkins and Poter McCale, enat station one were summoned to the place. Mr. Hollenbeck was the first person to be awakened by the fire. He received at the State headquarters received at the State headquarters received at the State headquarters received at the Orienne branch is the fire station.

Owing to there being no water in the vicinity of the burned place, the firemen had nothing with which to fight the fire but the chemical, all of which was used in a vain endeavor to get the flames under control. "We could have a suited as Comp Bartlett."

but the chemical, all of which was used in a vain endeavor to get the flames under control. "We could have extinguished the fire easily if we had had but one stream of water," Chief Stockwell said yester
